# R- SERIES

The INFLUX MEDICAL R- Series consists of seven round shape disposable sharps containers (.7, 1, 1.2, 1.5, 2, 3, & 4 Liter capacity), designed with a temporary and permanent closing mechanism lid.

The aperture is facilitated with indents for hypodermic needles, insulin pen needle removal, and non-return hinges to prevent accidental outflow of waste.

All containers are labeled according to global standards with fill limit indicator line, biohazard symbol, container assembly instructions and Identification record space.

The R- Series comes with various accessories and supports to facilitate safe and organized medical practice.

# 5QT- SERIES

The INFLUX MEDICAL 5Qt- Series consists of a rectangular disposable sharps container. The 5Qt- Series is facilitated with a temporary and permanent closing mechanism with leak and tamper resistant lid.

The aperture is facilitated with an inner guard to prevent hand reach to the inside of the container. The design of this line prevents overfilling of the container, as the lid will remain in the closed position when contents of the container reach fill limit.

5Qt Series is labeled according to global standards with fill limit indicator line, biohazard symbol, container assembly instructions and Identification record space.

The 5Qt- Series comes with various accessories and supports to facilitate safe and organized practice.

# PATIENT CARE PRODUCTS

INFLUX MEDICAL offers a range of medical products to support in-house patient care.

All of our patient care products are manufactured with high quality raw material and attention to detail.

INFLUX MEDICAL patient care products support health care practitioners at delivering the best patient service in any health care facility.

## SITZ BATH TUB

Using a sitz bath can reduce inflammation, improve hygiene and promote blood flow to the anogenital area. It is highly effective for reducing inflammation and discomfort caused by hemorrhoids, and healing perineal and vaginal lacerations after vaginal childbirth. It fits all toilet seats, and provides a smooth surface for comfortable seating.

CODE:	MSSB
MATERIAL:	PP
PACKING:	25PCS/ CARTON
ITEM DIM:	L38.5 X W36 X H10cm
CARTON DIM:	L404 X W384 X H668cm
PCS/ PALLET:	450 PCS

## BED PAN

The slipper bed pan is designed to fit easily under patients lying or sitting in bed. Bed pans are used to collect urine or feces from under patients with mobility problems. It is designed to be comfortable for patients to sit on, and with a strong handle for easy maneuvering underneath patients.

CODE:	MSBP
MATERIAL:	PP
PACKING:	15PCS/ CARTON
ITEM DIM:	L43.5 X W 26.2 X H10cm
CARTON DIM:	L614 X W314 X H564
PCS/ PALLET:	360 PCS

## URINAL

Urinals are very convenient for patients with mobility problems, and can be used for urinating in bed. It is equipped with a screw on lid to prevent leakage, and a handle for carrying and mounting on bed side. The bottle is clearly graduated in ml and has 1000ml capacity.

CODE:	MSUR
MATERIAL:	HDPE. LDPE
PACKING:	36PCS/ CARTON
ITEM DIM:	L9 X W8 X H27cm
CARTON DIM:	L614 X W314 X H564
PCS/ PALLET:	864 PCS

## FEMALE URINAL

Female Urinals are designed specifically to fit the female anatomy and to be convenient to the user. Light weight, strong and durable. Screw on lid to prevent leakage, and a strong and easy to grip handle for transport and fixing to bed side. The bottle is clearly graduated with 1000ml capacity.

CODE:	MSURF
MATERIAL:	HDPE. LDPE
PACKING:	36PCS/ CARTON
ITEM DIM:	L9 X W8 X H30.3cm
CARTON DIM:	L614 X W314 X H564cm
PCS/ PALLET:	864 PCS

## VOMIT BAG

Vomit bags are very usefull for people with moation sickness and patients with mobility problems

It has a soft and rigid ring with a strong and leak proof plastic bag for safe handling. Instructions for use and disposal are printed on the bag for users

CODE:	MSVB
MATERIAL:	PP, PE BAG
PACKING:	1000PCS/ CARTON
ITEM DIM:	RING DIA.12.6cm/ 1500L
CARTON DIM:	L614 X W314 X H564cm
PCS/ PALLET:	24000 PCS

## FLUID BAG HANGER

Fluid bag hanger is used to secure fluid bags to bed side or a standing pole to keep fluid bags off the floor, providing an elegant and more higenic placement of fluid bags. It is sturdy enough to carry up to 2000ml of fluid.

CODE:	MSBH
MATERIAL:	PP
PACKING:	250PCS/ CARTON
ITEM DIM:	L16 X H8.4cm
CARTON DIM:	L520 X W400 X H185
PCS/ PALLET:	18000 PCS

## KIDNEY DISH

Suitable for all kinds of nursing and medical procedures, used to hold and transport medical supplies, fluids, or biological materials, ensuring safe and efficient handling during patient care. Made of autoclavable polypropylene and graduated in ml and OZ. 500ml capacity

CODE:	MSKD
MATERIAL:	PP
PACKING:	700PCS/ CARTON
ITEM DIM:	L22.7 X W 12 X H4.2cm
CARTON DIM:	L474 X W314 X H568mm
PCS/ PALLET:	22400 PCS

## MEDICINE CUP

Medicine cups are very convenient to measure liquid oral medications. We provide high transparency medicine cups with ml and mg graduating for precise medicine administration. We also provide optional caps for more hygienic administration.

CODE:	MSMC
MATERIAL:	PP
PACKING:	6000PCS/ CARTON
ITEM DIM:	DIA.3.7 X H4.3cm
CARTON DIM:	L474 X W314 X H568mm
PCS/ PALLET:	192000 PCS

## TABLET CRUSHER

Tablet crusher is used to grind medication tablets into fine powder. It is fitted with a stainless steel grinding rod for clean, quick and effortless grinding.

CODE:	MSTC
MATERIAL:	TF, SS
PACKING:	55PCS/ CARTON
ITEM DIM:	DIA.7 X H10.4cm
CARTON DIM:	L520 X W400 X H185
PCS/ PALLET:	3960 PCS

## TUBE CONNECTORS

Tube connectors are perfect for hose extensions, with a transparent body to monitor fluid flow. They fit hose with inner diameter ranging from  $\phi$ 0.8cm up to 1.02cm. Straight, Y, and T connectors are available.

CODE:	MSTBC
MATERIAL:	PP
PACKING:	10000PCS/ CARTON
ITEM DIM:	L6.15cm- Dia. Max1.02-Min 0.8cm
CARTON DIM:	L520 X W400 X H185
PCS/ PALLET:	72000 PCS
